

NABCI Private and Working Lands Update
August 2020

- Private Lands Forum: As a result of COVID, the Forum was postponed and rescheduled for March 23-24, 2021. The forum planning team will continue to evaluate the feasibility of holding this event in-person and adjust the venue accordingly if needed.
- Field Guide to the 2018 Farm Bill: Greg Pilchak (AFWA Ag Policy Program Coordinator) is working with members of the subcommittee to develop a Field Guide to the 2018 Farm Bill. This will largely be a revision to the 2014 guide containing updates to necessary sections (e.g., RCPP). We anticipate completion and release of the guide in mid-late September.
